

Even tho Sunday is a day of rest—
I suppose you will be ~~very~~ busy
but I should like to know some
one from Lawrence. I am very near
New York City with good train
service. Could you — and any of
those of your party who care to —
have dinner or supper with me
on Sunday? Had I a car I should
be glad to come after you but I
am sorry you will have to use
a train.

If you can come up — please
'phone me upon your arrival —
Gladstone 2484.

At any rate — I shall
be rooting for you.

Very sincerely

Keith B. Babcock
