Dr. Forrest C. Allen Director of Physical Education University of Kansas Lawrence, Kansas

Dear Dr. Allen:

I have your letter of July 2nd, and want to say at this time that I have made up my mind definitely that I want to work on my Master's at the University of Kansas this fall.

The scholarship you have offered me will be greatly appreciated, and as yousaid, I am sure that I can pick up enough officiating to aid me the rest of the way. Mr. Henty may be able to help some too.

I will wait until I receive another letter from you before I tender my resignation to Mr. Dennen. I believe I told you in my first letter, that I will be unable to get a release from my contract after July 31st.

I have been wondering if you received my credentials from the University of Nebraska. I requested that they be sent to you some time ago. Should you desire any other information concerning myself, I will be glad to send it to you at your request.

With kindest personal regards, I am,

Yours very sincerely,
Bob Raugh

Lawrence, Kansas.

Dear Mr. Henry;

I have been informed that Mr Raport will not be with you next year as coach of swimming. If such is the case I would like to know more about the vacancy with the view in mind of making a change.

Since coming to Michigan State College thirteen years ago, my teams have been successful in winning a great majority of their meets. The schedule has regularly consisted of such teams as the Univ. of Michigan, Ohio State, Purdue, Indiana; The Univ. of Kentucky, Northwestern, Univ. of Wisconsin, Western Reserve and others of similar ranking.

In March of this year I conducted and managed the largest National Inter-Collegiate Swimming Championships ever held, and I am sending you a copy of the program.

I am sure that you knew my father who coached swimming at Iowa State College for many years. Give my best regards to Herb. Allphin.

Hoping to hear from you soon in regard to this matter I am,

Sincerely yours,

Dear Mr. Copp: I beg your pardon for my failure to answer your kind letter of June 19th before this time. We were unable to get the appropriation for our men's department that we desired, and for that reason are planning to use some scholarship students to handle a part of our classes. I enjoyed our correspondence with you, and trust that your prospects for next year are working out to your satisfaction. I am returning your credentials to the University Bureau of Appointments. ### UNIVERSITY OF MICHIGAN ANN ARBOR

DEPARTMENT OF INTRAMURAL SPORTS

June 19, 1941

Mr. F. C. Allen Chairman, Department of Physical Education Room 105 Robinson Gymnasium University of Kansas Lawrence, Kansas

Dear Mr. Allen:

Q 0 1 2 3

Thank you for you letter of June 17 relative to the opening in your Department of Physical Education.

I am asking our Bureau of Appointments and Occupational Information to send you my occupational record which is more complete than the mimeographed summary which you now have. This should reach you in the course of a few days.

As I stated in my earlier letter, I am very happy in my work here but realize the danger of inbreeding or too much of one University. It was very kind of my alma mater to give me the instructorship immediately upon graduation but I believe there would be tremendous advantage in more varied experience. It is possible therefore that the position which you now have open might prove very interesting to me. -- At least I would like to know more about it and have you know more about me.

Our registration for Summer School starts next Thursday and I should be here at least on Friday and Saturday. Starting Monday June 30, I will be very busy as a lecturer in a graduate guidance workshop, as instructor in physical education filling in for one of our men who is away, and as a teacher in extension swimming classes. Early in the week however, I would be very glad to drive out for an interview relative to what might be worked out. If such a plan should suit your convenience will you send me a wire and I will do so.

Yours very truly,

Dear Mr. Copp:

Your letter to Dean Raymond Schwegler has been referred to me for reply.

We have a position open in our Department of Physical Education but it is one that I'm sure would not appeal to you on account of rather maderate salary. However, should anything develope that I feel you would be interested in, would be very happy to communicate with you.

Thank you for your credentials.

Sincerely yours,

Dr. Raymond A. Schwegler Dean, School of Education University of Kansas Lawrence, Kansas

Dear Dean Schwegler:

Enclosed you will find two mimeographed pages of summarized data regarding my academic and experiential record.

At the present time I am enjoying my work in the training of teachers in the physical education department of the School of Education here. However the organization of the department does not allow for that development through the taking on of major responsibility that is predicated if a am to make best use of my background of training and experience.

I completed the work for my doctorate in February 1940 and am therefore freer to serve in fields more remote from the University of Michigan campus.

Although I have no knowledge of any immediate opening in your depertment I am sending this information hoping that should a vacancy occur I might be considered. I am married, have two sons and am not subject to the Selective Service call. If a challenging position was involved I would be glad to assume charge even during the absence of a draftee.

When necessary a complete record of occupational information including references can be secured from our University Bureau of Appointments and Occupational Information.

Yours very truly,

Harold W. Copp
