Mrs. Edwin Fitzgerald,
Beattie, Kansas.

Dear Mrs. Fitzgerald:

Since our correspondence in early November about your commencement date on May 17th, I have had no inquiries from nearby schools, and I am wondering if you are still counting on me for that date. What do you think of the transportation item? It was my notion that if I had a speaking engagement at another school near you, this item of expense might be shared.

I have had inquiries from schools in other parts of the state for May 17 and 18, and I would appreciate your writing me at your early convenience.

Very sincerely yours,
