

February 14, 1945.

Mr. Elmer T. Keck, Supt.,
Summerfield High School,
Summerfield, Kansas.

Dear Superintendent Keck:

Thank you for your letter of the 12th instant regarding your commencement date of May 18th. This is highly agreeable to me, and it will be a pleasure for me to be there.

I had written Mrs. Edwin FitzGerald, of Beattie, Kansas, that since the state does not provide travel expenses for such trips, if I might have two engagements in the same vicinity the two schools could perhaps share the expense of travel. If I drive it will be necessary to charge 6¢ a mile each way.

I am telling you this ahead of time, so that if there is any question about it we can straighten it out before I come. The fee of \$25.00 is entirely satisfactory to me. The expense item, of course, is in addition to this.

Very sincerely yours,
