

Announcement

This list of University of Kansas faculty members is available for commencement addresses. Please make your selections as early as possible, so that you may be sure to secure the speaker you desire. Indicate a first, second, and third choice.

If it is possible to shift your commencement date a day in either direction in order to secure your first or second choice, please mention the fact in your letter.

If you have no special choice of speaker, we can probably reduce the traveling expenses by suggesting a speaker who will be in your vicinity.

The fee and expenses in each case will need to be arranged with the speaker and will depend upon other engagements which are arranged hereby. This is true since, in many cases, the major expense is a matter of transportation. Will you, therefore, indicate the fee you have available. This should include expenses.
