Dear Dr. Allen:

Thank you for your courtesy in coming down to our meeting last Thursday night and giving us a very interesting and instructive talk. After you and Mr. Schenk had left the meeting there was a great deal of very favorable comment on your remarks, and I am sure that all of the Legion Members join me in thanking you very much for being with us.

Inasmuch as Mr. Schenk is in your same office, I would be very pleased if you would convey our thanks to him also, and may we wish both of you the best of luck with your teams this season.

Cordially yours,
