October Eighth

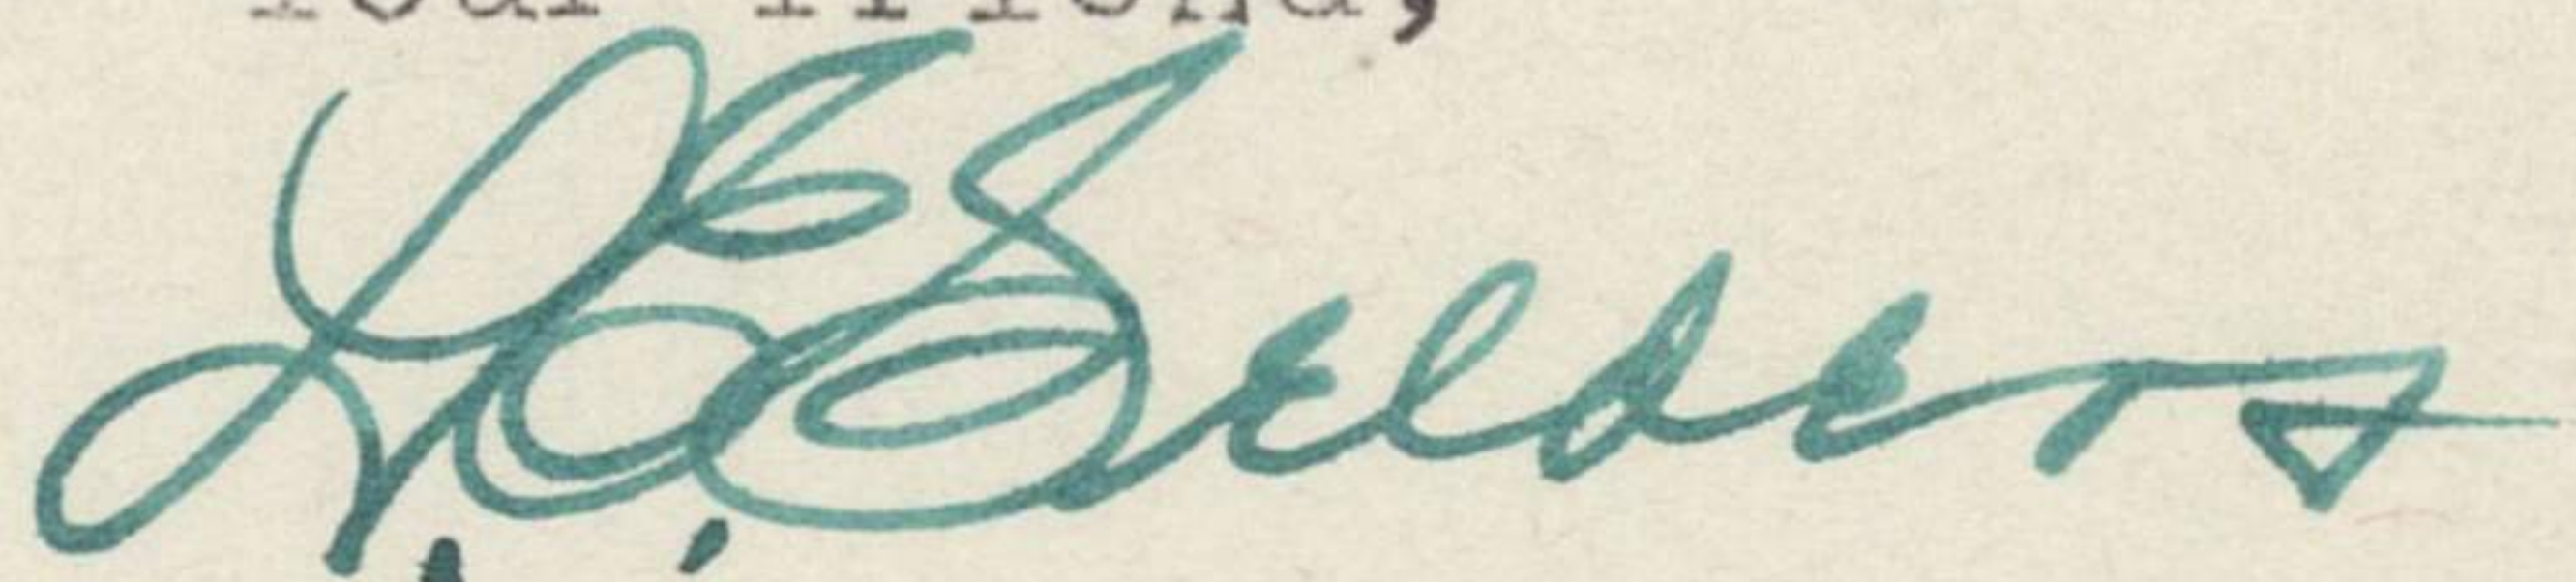

My dear Mr. Allen:

Many thanks to you for your interesting letter of October 6, accompanied by a copy of "Jayhawk Rebounds", which is sincerely appreciated.

I, too, enjoyed very much seeing you again and want to say that what you had to say regarding some rather important matters on that occasion in Emporia was very surprising to me. I want you to know that I certainly share your opinion on some of these social matters.

With kindest personal regards, please know me ever to be

Your friend,
