Dr. F. C. Allen
Basketball Coach
Kansas University
Lawrence, Kansas

My dear Doctor Allen:

Mr. Elmer H. Schaaque has written me concerning our position as Director of Athletics and Coach at Willamette University. He has mentioned your name as a reference and I am wondering if you would care to give me some information about his character, his influence with men, and his ability as a coach.

We are eager to select a man who will not only develop good athletic teams, but who will have a constructive influence on the men with whom he works.

Sincerely,

G. Herbert Smith
President
