Dear Phog;

Thank you for the prompt reply and letter to Ed. Sobczak. I don't know what he is ~~#~~ going to do about going to K.U. but think we have a very good chance of his attending Oread Hill. I haven't been trying to sell him on going to school at K.U. to a large degree but have let him know that we would like having him in our institution. He is a good lad. The day he gets his discharge I will let you know and make sure he stops and has a talk with you. I doubt if I will get to come and show him the campus, for at the present moment I am playing football and trying to start a basketball team. I believe he can now get out when he wants to; But he seems to want to wait till football season is over, so it will be a few weeks before he gets out of the army.

I wan't be getting out until sometime around the last of May or the first part of June. At ~~this~~ time we don't have a basketball coach and it looks like I will have to play and coach at the same time. Gordon Gray is going to coach at the field near here, we tried to get him but they beat us to him so I seem to be stuck with the job. Wish it were possible for me to be able to play this year under you but I won't be able to make it.

With Charlie Black and Ballard back it will sure help things alot. Guess Ray Evans will be in the army as long as I will, for I see where ~~their~~ football schelude runs up till some time in the middle of December, and knowing the army they will probably be playing up till New years.

I will be by the first chance I get, but don't know when that will be. Better stop for my typing isn't improving any and the longer I type the worse I get. My kindest regards.

Sincerly yours,

Ed. Schnellbacher
