Mrs. Grace Morgan Smith,
Field Representative,
Community War Services,
414 Dierks Building,
Kansas City, Mo.

Dear Mrs. Smith:

It was a pleasure to have you call upon us. After your visit here I talked with the Extension Division of the University and their feeling was that inasmuch as we had a conference here with such a large enrollment, they were afraid to attempt another one so early, fearing it might be an anticlimax.

I trust in the future that we may cooperate with you in some of your endeavors.

Very sincerely yours,
