

UNITED STATES ARMY AIR FORCE

of whom you have heard nothing  
for a year or perhaps two. From now on  
I'll be looking forward to my receiving the  
next issue of Jayhawk Rebounds.

From your accounts in the Rebounds, it looks  
as if a Navy man has a lot better chance of meeting  
a K.I.L. friend than an Army man has.  
I guess those Kansas land lubbers must  
make good sailors.

Things are quiet here but indications  
point toward a change, for which I have  
waited a long time. Anything that will hasten  
my return to Kansas is welcomed here.

If you would please, I wish you to convey  
my greetings and best regards to Ol' Sean  
Resmith and his family. Also to the recipients  
of Jayhawk Rebounds that I may know or know of.  
I'd like to send a hearty hello and wishes for  
continued good luck.

I do hope you and your family are all in good  
health and that your prospects for the coming season are  
excellent. Very Sincerely Yours. Owen W. "Curley" Hayden
