Dear Mr Allen.

I quite assure you that I was more than glad to get your note and the sawtooth R boards. It was quite a Christmas greeting. You couldn't have done anything that I would have appreciated more. I am so happy and thrilled over the Kansas, Nebraska game. That makes it quite nice. The one game I wanted K. U. to win so bad was the M. U. game. But I am sure the team did their very best. For now I must close. Hoping you are well and I want to wish you and the boys a lot of luck in the Basketball season.

Sincerely yours,
Art H. Stuart
