

February 18, 1944

Miss Helen E. Shaw,
Pinckney School,
Lawrence, Kansas.

Dear Miss Shaw:

As you doubtless know, the Board of Directors of Lawrence Rotary at their meeting on Wednesday night, February 9, went on record with a strong endorsement favoring an increase in salaries for our Lawrence teachers. The Kiwanis Club acted in a similar manner at their meeting the next day.

I want to assure you that the Rotary Club is always happy to do anything possible to help solve the problem of teachers' salaries here in Lawrence. We are proud of our school system, and of course the teachers are responsible for the high standing that Lawrence schools enjoy.

In my broadcast over KFKU on Thursday night, February 10, at 9:30 I called attention to this crisis facing our public schools.

I sincerely trust that our combined efforts will bring favorable results.

Very sincerely yours,

President.
