PHYSICAL EDUCATION

Enrollment in physical education is required of all men who, at the beginning of any semester, are registered under selective service, or who have enlisted or are commissioned for any of the military services.

All men who must enroll in physical education must attend class three times each week. Students wishing to take physical education for credit may not substitute military physical conditioning for any part of the work. Those taking physical education for no credit may substitute military physical conditioning for two of the three class periods each week during the weeks military physical conditioning is offered. This means that students taking physical education for no credit who wish to make such substitution must attend physical education three times each week during the first part of the semester and once each week during the latter part of the semester.

All men who are required to take physical education will enroll in one of the sections of the conditioning course listed below. Men who can not pass the swimming test should enroll in one of the following sections: C, D, G, H, J. K.

UNIVERSITY OF KANSAS

Department of Physical Education — October 27, 1942.

Dear Dean Stockton:

At the beginning of the fall semester it was necessary for us to print a special folder showing the schedule of classes in the required physical conditioning course. For the spring semester I am wondering if you would desire to include the schedule of physical conditioning classes in your own printed schedule. If so, we will send the copy upon your request. I believe this will save much expense, and will also facilitate the enrollment procedure.

May I hear from you at your convenience?

Sincerely yours,

Forrest C. Allen

Director of Physical Education,
Varsity Basketball Coach.

We can use the College schedule for your dept or the Education schedule. F.T.S.

Dear Dr. Allen:

Dean Twente thinks that it is a good idea to include the physical conditioning schedule in our Education Schedule for the spring semester. Will you send a copy over at your convenience.

Also, do you have the theory courses set up for next semester? We will want to get the schedule to the Printer's within the next two weeks.

Are you busy over there? I know that you must be. At the moment, things are rather routine over here.

Sincerely yours,

Vivian Clark

In re: Publishing Physical Education schedule in ours.

Dear Dr. Allen:

I have the same problem with the schedule of the Military Department. May I suggest that if we have a few extra copies of your schedule at hand during enrollment that we can probably function very nicely without going to the expense of re-publishing it. What do you say?

Very sincerely yours,

F. J. Moreau

We have your letter of October 27 and would appreciate your sending over some of the printed schedules for the spring semester. It will help us in making up our own schedule.

Dear Doctor Allen:

Because of the Porter Lecture by Dr. McQuarrie on Wednesday, Nov. 4, it will be necessary to not have one of the medical physiology laboratories which is ordinarily scheduled for the entire morning on Wednesdays. Since the medics have Tuesday mornings free with the exception of physical conditioning, we are wondering if we could schedule the physiology laboratory for Tuesday morning and have the medics make up their Tuesday physical conditioning class at 9:30 a.m. on Wednesday, Nov. 4. This group would still be able to make the lecture at 10:30 a.m.

This change of physical conditioning from Tuesday, Nov. 3, to Wednesday, Nov. 4, at 9:30 a.m. would involve the following students:

<u>SECTION I</u>

Brower, Clyde L.
Chaffee, Dean C.
Chaffee, Lynn D.
Coutant, William R.
Decker, Albert I.
Flanders, H. Alden
Garrison, Roy F.
Hensley, Cline D.

To Chairmen of Departments:

Will you please prepare your schedule for the spring semester and send it to the office not later than Wednesday, November 4?

Kindly be sure that your copy follows exactly the form used in this semester's printed schedule, a copy of which is enclosed. We do not have blanks for this new form, so please type your schedule across the length of ordinary typewriter paper. Please use section letters only when two or more sections are scheduled for the same hour.

In planning your schedule please keep in mind that there will be some reduction in the number of underclassmen and that there is sure to be a considerable reduction in the number of upperclassmen, especially among the men.

Sincerely yours,

Paul B. Lawson
