

because of my mother. Seriously I believe her days are numbered - mainly because of her nervous + mental condition + also her rupture.

I trust everyone is well. Is Mit still in Russell? Tell Bob I'm going to start taking the Times when basketball season starts so that I can see his name in that lineup. You might tell Ed Elbel I'd like to be umpiring football games this fall but I'm afraid I'd better try teaching a little "one" to "try" to umpire later on.

Give Aunt Bessie + the rest my love.

Your loving nephew,
Frank
