

I will deliver the message to El Elbel. I know that he would like to have you back. Also I will tell Bob regarding his basketball, and so forth.

I am so sorry to learn about your dear mother. I share in your opinion. She has always lived for the other fellow. My sincerest wish is that she will have some hours of happiness without all the hours of depression that she has been forced to bear.

I will also tell Jane, Eleanor and Aunt Bessie of your good fortune and blessings.

With love to you and your good wife, I am, your well-wishing uncle,
