

Hello Dr. Allen

I wish I could express my appreciation for granting me the opportunity to attend this camp. Fort Sheridan, as you know is a lovely place. My tent is just a stone's throw from the lake.

You would think I was the camp medico by my activity. - This is one place where men cry for setting up exercises. Particularly the kind I give them. Nothing strenuous, - just stretching etc.

I hope you close summer school in fine shape and enjoy your coaching school down south.

Yours most sincerely,
Lt. Frank J. Annenberg
