

Sara Jane

February 27, 1939.

My Dear Miss:

The dramatic department of our high school in Peabody has asked me to teach some fencing fundamentals for one of their plays. I am the physical education instructor for girls here. I knew that you taught fencing and it seems to be the only place in the state which does. I was wondering if you had any extra material you could send me or give me references as to where I could find it. I have never seen any material on it and I thought you might know of some books you could refer me to. Thanking you very much.

Yours truly
Sara Jane Antoni
