Mr. _____
Basketball Coach
University of _____

Dear Coach,

Thank you very much for sending me your letter regarding the good basketball player who is ineligible to play in your Conference.

I appreciate your kindness in writing, but since we have out of state tuition, which is treble that of our local tuition, there is no way that we have of handling such a young man. We do not even have scholarships, nor do we have lucrative jobs that would enable him to make more than \$20.00 a month.

The authorities here figure that that is all any boy can work and still carry a full load of academic subjects.

I am sorry that this young man became ineligible for you by playing one year at _____ college.

Again thanking you and wishing you every success, I am

Very sincerely yours,
