

HERALD CHICAGO AMERICAN

EVENING AND SUNDAY

October 9, 1941.

326 W. MADISON ST.
CHICAGO

TELEPHONE
ANDOVER 1234

Mr. Forrest C. Allen, Director,
Physical Education and Recreation,
University of Kansas,
Lawrence, Kansas.

Dear Mr. Allen:

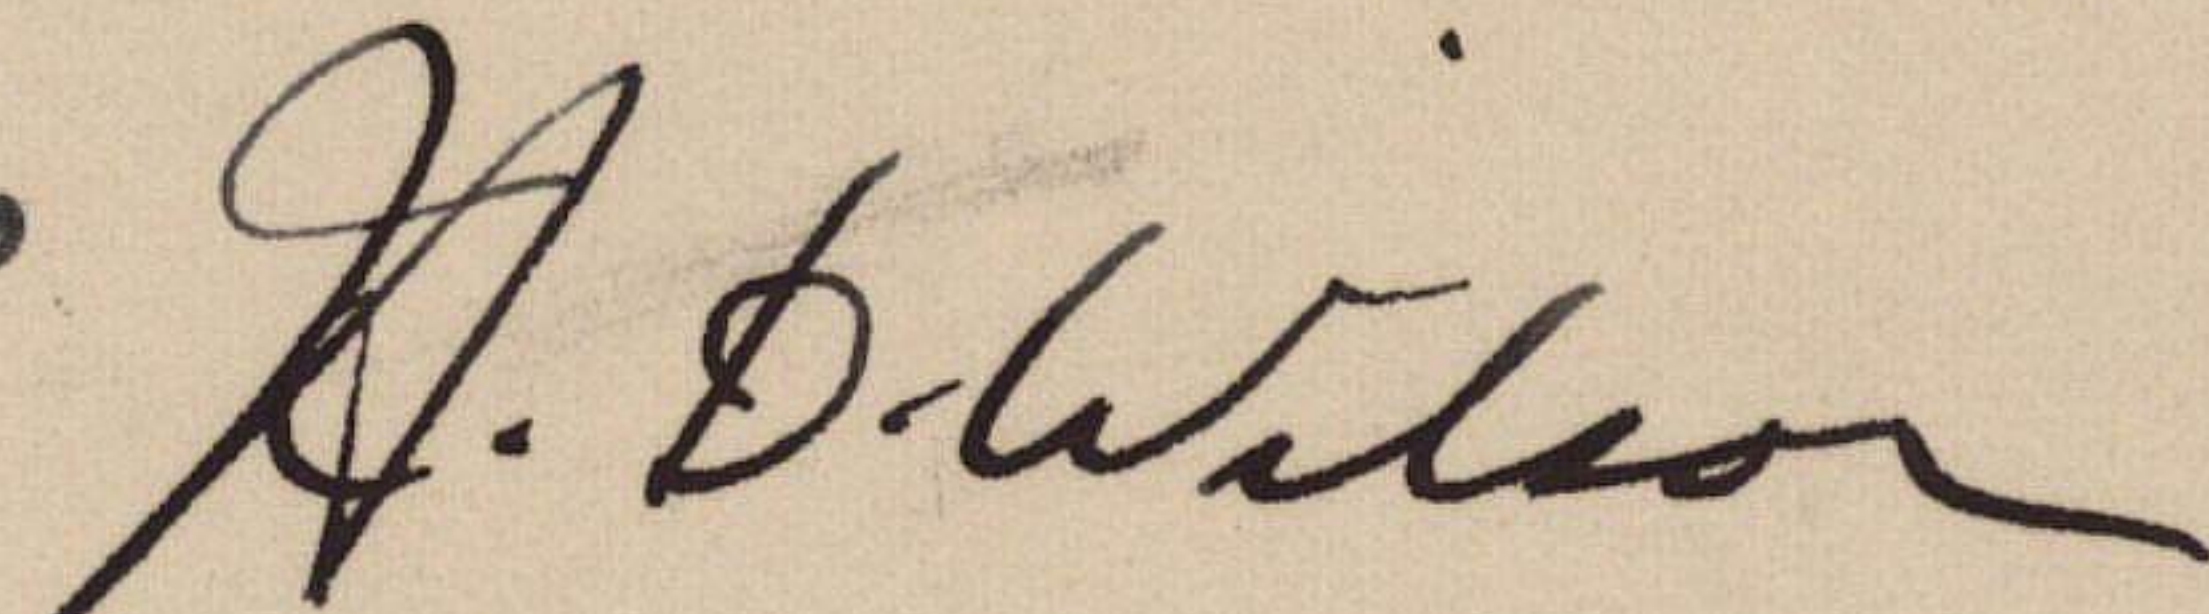

It was very nice of you to write me under date of October 8th advising me of the status of Engleman and your boy, Bob with reference to the All-Star Basketball squad. As you suggest, we will keep them both in the polling because they are making excellent races for a place on the squad and both are receiving very favorable comment from critics.

As far as Engleman is concerned, I think he would be foolish to pass up the All-Star game, even though engaged with Phillips, because it would in no way interfere with his continuing to play with Phillips inasmuch as the event will be sanctioned by the A.A.U. I am sure Phillips will be glad to give him a leave of absence to earn the signal honor of participating in this Classic event. However, we will contact him direct and see what the prospects are.

I can understand easily that it would be a problem for Bob to get away from his studies, as Jim Ray of Michigan had the same difficulty last year when he was taking his medical course at that college. We will drop a letter to Bob at the University of Pennsylvania, and perhaps there may be something he will be able to do in the event of his selection.

At any rate, thanks again for your very thoughtful interest and cooperation.

Sincerely,

HARRY D. WILSON, Director,
College All-Star Basketball Game,
Room 807, 326 W. Madison St.
