Dear Dr. Allen:

I wish to thank you for your kind offer to drive over to Olathe on February 21, for our Rotary meeting.

We will be glad to reimburse you for your expenses.

We would like to have you bring with you a fellow Rotarian or two from Lawrence.

We are looking forward to your coming and I am sure ^{we} will have a fine meeting together.

Dear Bill:

I will be happy to be with you on Wednesday, February 21, at 12 noon and speak on the subject, "Looking Ahead in Rotary", or some allied subject.

I believe that you said you might plan on having someone drive over for me. That seems as if it would waste a lot of gasoline and would necessitate two trips. I have a whopping big Buick, and it would cost 6¢ a mile each way for me to drive my car, so any way you work it out will be highly agreeable with me. But let me know at your convenience.

Rotarily yours,

Dear Dr. Allen:

This letter will verify our conversation by phone on January 22nd in which we made plans for you to speak to the Olathe Rotary Club on Wednesday, February 21st, at 12:00 noon.

The subject suggested is "Looking Ahead in Rotary". You may choose any subject you like for this anniversary meeting of Rotary.

I believe in observing this important Rotary anniversary, ~~We~~ we should try to give to our members a renewed and vigorous expression of Rotary service ideals and plan for intensified service in our communities and country. I am sure that you can inspire our members to do greater service now and in the future.

We will be looking forward with great pleasure to your meeting with us for this occasion.

With kindest regards,

Dear Reverend Zeidler:

In my letter yesterday I failed to mention the fact that the state does not provide any travel allowance for such trips as the one I am to make to Baldwin next week. I will drive my big Buick, and it will be necessary for me to charge 6¢ a mile each way for the trip.

This seems a small item, but I have so many calls during the year that the total amounts to quite a sizeable item of expense.

Very cordially yours,

Dear Dr. Allen:--

You probably recall that several weeks ago I call^{ed} you over the telephone to ask you to speak at Rotary Club-Baldwin City, Kansas, on February 20, at 12:00 noon. Subject "Forty Years of Rotary". I am writing at this time just to remind you of this program and hoping you are making plans to be with us at that time. You will have from twenty to twenty-five minutes of time allotted to you.

When you come, come right to the Rotary dining-room at the College Cafe. I will be there to meet you.

Advance notice at the Rotary Club lists you as the Rotary speaker for Tuesday Feb. 20th. This pleases me.

I am wondering if would be possible for you to come down "just a little early" and speak to a high school assembly on your way to Rotary? We could call an assembly at 11:30. Our student body would appreciate it I am sure, and I will look forward to receiving a reply from you in the affirmative.

Dear Mr. Germann:

Thank you for your query as to my availability to deliver your commencement address on May 17th.

I usually get \$25.00 and expenses for these trips. I had a tentative arrangement with another school for this date, and they were attempting to work in another speaking engagement at a nearby school so that they might share the expense of transportation, but to date I have not had a definite reply. I should hear from them within a week, and will be happy to write you again after I know of their decision.

I will arrive before 1:30 p.m., ready to start the clinic, and I will be glad to use your team at 4 p.m. for demonstration purposes. I think that is a fine thing.

Yes, I will use the blackboard previous to that time. I will follow your suggestions on a talk on offense against a zone, and I will also show how to start a fast break and go through with it and also how to meet the fast break. Also, I will show you how to prepare a team against the razzle-dazzle type of game when they go down and take you all over the floor. I believe that I can give the boys and the coaches something worth while, and it will be a pleasure for me to be with you.

Let's not count on the luncheon at home. You will be busy and so will I, but I do want to have the pleasure of meeting your family.

Dear Phog:

I am planning on starting the clinic on the 13th at 1:30 P.M. I can have my team on the floor at 4:00 P.M. for demonstration purposes if you want to use them. Previous to that time you can use the backboard. I don't know just what you have planned but I would like to have you talk on, "offense against a zone". Most of the high schools use a zone in this state and I feel sure the coaches would appreciate something on this subject. You no doubt have plans for the program and I am sure it will be fine.

Most of the coaches couldn't get here for a luncheon so I have called that off but would like to have you for lunch at home if you arrive in time and hope you will be able to. I am trying to arrange for a dinner at 5:00 P.M. after the clinic.

Dear Al:

Pardon my failure to acknowledge receipt of your letter written quite some time ago. I have checked the mileage and find it is about 150 miles from Lawrence to Peru. That is 300 miles round trip, and with gasoline rationing, tires, and upkeep of automobile that item would run into quite a sum when you figure hotel and meals. It does not leave much for an honorarium.

I trust that your athletic board will allow something for travel because other institutions and schools do. Would you want me merely to speak to the coaches, or did you expect me to stay over night for the games later? It looks as if the schedule would call for more than a day from the time I leave Lawrence until the time I would get back, so I would like to know how to plan.

Dear Phog:

I was indeed happy to receive your letter in regard to your coming to Peru for our proposed clinic.

The athletic committee voted me \$50.00 for the guest speaker but no expense money was allowed, but sincerely hope you will consider coming.

Our tentative plans call for a luncheon on the last day of the tournament and we plan to invite all the coaches in this territory. The afternoon will be turned over to you, say from 1:30 to 4:30 P.M. The final games will start at 6:00 P.M. and I am hoping to get the Penthalon Universidad from Serapio Rendo, Mexico to play my club in the final game that evening. The date is Friday Dec. 15th.

Nothing like this has been done in this section for some time and I think it will prove beneficial to all the coaches in this part of the country and I know it will be a great treat for them to meet you and hear you talk on the game of basketball.

Dear Al:

I think I can arrange to come to Peru on the date that you desire if I know it far enough ahead of time. I simply will not schedule a game for that date. You do not mention which of the three dates you would want me, but I presume it would be the afternoon of the last day, the 15th.

You know one hour is an awfully short time to give a lecture to these coaches. If it could be arranged it might be well, since I am there, to utilize me as much as possible. I dislike to travel that distance for only an hour's time. I would just as leave work as sit around, and if you can have two or three sessions I find it is easier to get acquainted with the coaches and hence much easier to teach them if you contact them more than once.

Maybe it might be well to pick the evening of the second day and the final day. However, I am not endeavoring to tell you how to run your tournament. I am just wanting you to know that I am glad to help in every way possible. Also, if you have any classification club, like Rotary, Kiwanis or Lions, to speak to during their luncheon hour I would be glad to do so.

For such trips as these on a one-day schedule I have always been paid \$50.00 and expenses. However, I believe in living and letting live, and I would be glad to know what you think you would be able to pay without embarrassing you or your department.

Very cordially yours,

We are planning to run a small high school tournament in basketball next Dec. 13th, 14th, and 15th and would like to stage a clinic on one of the afternoons. Would you be interested in coming up to Peru and talk to these high school coaches for an hour? What would be your fee for such a lecture?
