Dear Karl:

I asked Mr. Earl Falkenstein to pass on to you the bid submitted by Mr. A. T. Bailey of the Fred Medart Manufacturing Co. for the electric scoreboard.

\$397.50 seems like a lot of money, but I am wondering if Mr. Crow could not make one for us that might save us some money.

I am anxious that we get away from the old antiquated one that we have been using. Even the high schools in our smaller communities are putting us to shame. I believe it is a service that we owe our patrons.

Looking at the amount of money to be spent on this board, it would cost us less than \$40. a year, because any of these scoreboards are good for a period greater than ten years.

In the near future I want to drop over and have a talk with you.

Sincerely yours,
