Dr. Forrest C. Allen,
Director of Physical Education,
University of Kansas
Lawrence, Kansas.

Dear Dr. Allen;

We were happy to have your letter of some several weeks ago, and appreciate you giving us the choice of two dates for our meeting.

After contacting the different groups, the date of November 15 seems preferrable, and we shall work to the end of having a satisfactory meeting and a good attendance.

Of course, should your schedule interfere, we want you to let us know that another date may be selected. We shall let you know our detailed plans as the meeting date nears.

Thanking you, and looking forward to the pleasure of having you in Salina at our meeting, I am

Yours very truly,

Mrs. A. W. Stedham,
