OFFICE OF  
THE PRESIDENT

March 8, 1946

Dr. Phogg Allen  
University of Kansas  
Lawrence, Kansas

Dear Phogg:

I tried to call you on the telephone this morning but they said you would be out of town until late today.

I have been interested in basket ball since the days only a few years ago (36) when you refereed our local high school games. I have a boy who is a junior on the first five at Shawnee Mission under Coach Reed, and this winter I have been taking moving pictures of their games.

I assume that you probably have had movies taken of your different games, but I felt that if Coach Reed could have a complete movie of this game the 18th against the Oklahoma Aggies, it would be very helpful to him and his future teams.

The reason I am writing you and tried to call you is that I want to be sure to get three seats in the front row in the center in the loge balcony which will enable me to place a couple of short tripods and have two cameras set up, one with telephoto lens, so that I can get a complete movie of the entire game. My wife will operate one camera and I the other, and my son will occupy the third seat. If the pictures turn out good, you may want a duplicate made of this game.

I am enclosing my check for \$9.00 to pay the expense of these three tickets. Now, Phogg, if it is impossible to get three seats in the loges, then three seats in the box in the center would be satisfactory. I hated to bother you but I didn't know who to contact other than you.

If for any reason you cannot get these seats for me I will appreciate your wiring me collect at my office.

I know that you are interested in the present high school teams because many of these boys will be attending K.U.,
