

have seen anywhere. The one and only one objection I have is that it is so far from home. But we are all hoping this thing won't last too long and that we will all be back home again and carry on where we left off. I think maybe I'll try to find me a good school in Kansas instead of going back to Yankton. Our facilities are so limited there. Do you think there would be any chance of a good school in Kansas?

I will close for now. I would enjoy hearing from you, Doc, and about your present activities. I would also appreciate the material you spoke of in K. C.

Give my regards to Mrs. Allen and the force at the office.

Very truly yours,  
Mans.
