

3.
home in Kansas. Capt Todd of our Battery
is a Kansan but unfortunately from
Kansas State. We have some terrible
times rubbing one another. It certainly
made me yell "Hawls" after the turning
football upset but the basketball season
has been kind to me.

Spring is here to stay we hope even
if the snow has turned to knee deep
mud. We are all hoping and believing
this is our "Year" and that we will
be doing a lot of traveling to the east,
with Berlin as our objective.

I should like to send my best regards
to those on the "Hill" that I know
with special regards to Mrs. Allen.

I believe Lt. Smith mentioned that
Mrs. Katten is still in the athletic
office. It will be a happy day when
I can again drop in and pick up some
tickets and watch the younger generation
in a peace-time sports program.

Many thanks again and I will be
looking forward to the next issue and
with it the Championships.

Sincerely
H. Edgar Schmidt
"Smitty"
