Columbia, Mo. July 24,1945

Dr. Forrest C. Allen University of Kansas Lawrence, Kansas

Dear Dr. Allen:

I have been intending to write to you for some time to tell you the outcome on the business at Maryville. Dr. Diemer and I finally got to gether for a short (and I thought very unsatisfactory) interview in Jefferson City the last of June. "Unsatisfactory" because he was in a terrific hurry and afte he found that I did not have an M.A. degree, he felt that he was wasting his time, I fear.

However, dont think for a minute that I do not appreciate your efforts in the matter. I think you were ever so kind to suggest me in the first place. I guess that I felt slightly piqued, inasmuch as the Dean of the Graduate School here at the Univ. Dr. Curtis, had told me that in no way could he see any necessity for a dean of women to have a graduate degree especially one with the scope of other experience that I had. (I do have a B.S. in Ed., you know, and one of the few Life Certificates to Teach in the State of Mo. issued by the University.)

I have certainly enjoyed your News Letter. It is thoughtful of you to include me. Nice to here about your boys in the last one.

Bob is still in Germany and expects to be there for some time. He has travelled all over it - one of his recent trips took him to Bergensgarten (?), Hitler's retreat which he said was situated in some of the most picturesque and beautiful scenery possible to imagine. He got the Paris Stadium organized for the Allies and now is at Mannheim where he is working on a similar project I understand.

As you see we have moved and are at this address only temporarily since we could not get into our new place until Sept. Houses here are as scarce as the proverbial hen's molars- every one wants to sell at about three times what the property is worth, so they wont rent until they have to. The place where we were living was sold out from under us so when our contract was up we were out.

Bob, Jr. is waiting orders to go to the OCS. at Ft. Benning, Ga. I had hoped he might get a delay en route that would enable him to spend a few days at home .. It is still a possibility but the time is getting short..

Phyl and I have been playing some tennis I am really not much of a menace but cant resist the urge when I see a court.

We shall be most happy to see you if you get down this way. Thanks again for all your kindness in the other matter.

Yours sincerely

Merege Sinipson

Mrs. Amy Meryl Simpson 910 Providence Road Columbia, Missouri

- Dear Mrs. Simpson:

I am sorry that Dr. Diemer and you did not make satisfactory affiliation. There are so many administrators who have degreeitis. Certainly a Master's Degree for that position could not be access baggage. I know that you have a B.S. in education and I am quite sure that would be sufficient, but the boss thought otherwise.

Bob, Sr., is certainly having very interesting experiences in Germany. Being in Adolph's retreat, without Adolph, would be a pleasure.

I am glad that Bob, Jr., has orders for OCS.

I imagine that Phyllis and the young grandchild could make formidable competition for grandparent. I imagine that we will not get to Columbia until basketball season. I hope that you get into your new quarters before then.

If, at any time, I can be of any help, please call upon me. With all good wishes to you and yours, I am

Sincerely,

Forrest C. Allen Director, Physical Education Varsity Basketball Coach

Mr. Charles B. Shaeffer Director, War Production Board 413 Interstate Building Kansas City, Missouri

Dear Charlie:

I have not answered your good letter of the sixth instant but I assure you that my interest in your job and my enthusiasm for you personally is no guage of the situation.

Personally, I feel flattered that you would ask that I offer any suggestions that might prove helpful. I have none at present, but should any occur to me I will feel perfectly free to write you. However, I have great confidence in you and your ability, and I am sure that you will do a swell job.

Your idea is a splendid one regarding the annual celebration. I think this is very necessary for all concerned.

There is one thing that I might pass on to you, namely, that for years here at Convocation they do not finish the Crimson and Blue with the Rock Chalk yell. It is just like having your gravy without salt in it, and too, mass meetings have practically been done away with for years. Sometime when I have an opportunity to go over this with you I will elaborate. We certainly need some spizerinktum with tabasco and giniger. There seems to be a curse on anything that stimulates enthusiasm for athletics. This goes for all sport when a Convocation is considered.

Alberta Cornwell, the new cheer leader, is a dandy and she has a promise from the Chancellor for an athletic convocation. I think it would be a swell thing if we could have you and your active group to attend that Convocation that morning. I will have Miss Cornwell write you the dope. With all good wishes, I am

Dear Doc:

Inclosed please find a copy of my letter of resignation written to Mr. E. C. Quigley, Director of Athletics.

I want to thank you for all the kindnesses that you have done for me in the past. I assure you they have been appreciated. My associations with you as Assistant Basketball coach and otherwise have helped me greatly. I hope that some day I may be able to partly repay you.

P.S.

As to my future plans, I have had several offers from the West coast so I think I'll be ambling out that way.

Mr. E. C. Quigley, Director of Athletics, University of Kansas, Lawrence, Kansas.

Dear Mr. Quigley:

I would like to be released from my duties and connections with the University of Kansas, to become effective immediately. I assure you it has been a pleasure working for you and with the rest of the staff.

Thanking you very much for the favors, I remain

Mr. Dolph Simons Route 3, Gull Lake Brainerd, Minnesota

Dear Dolph:

I am glad that you have gotten away from the strenuous work at your desk. Our weather is splendid here, but a cessation from the strenuosities of your work will be helpful to you in every way. Give your good family my kindest regards.

Last week George Hedrick asked me to write A. B. Mackie of the Brown-Mackie School of Business regarding the determination of Lawrence as one of the district offices. George has left on his vacation and I am sending the letter to you for your perusal.

The fact that he suggests that Mr. Arthur J. Stanley, Jr., will have much determination in the location rather pleases you, I am sure, although I know that you know already that Mr. Stanley has that influence. I am sure that you can get the job done. With all good wishes, I am

Sincerely,

Dear Sir:

We received your letter of August 3. I would be only too glad to help you if I can. I would suggest that you get in personal touch with Mr. Arthur J. Stanley, Jr., Kansas City, Kansas. I rather think that the representative of each district will have much to say as to where offices in that district will be located.

A past student of nume sent a clipping in the K.C. Soar elf some days ago in re your aclivities - it was well written and portrayed actual facts. Mr. Forrest C. Allen (Phog) c/o University of Kansas Lawrence, Kansas

Dear Phog:

I have checked our files and the only thing that we have is a copy of a letter, with which we returned the advertisement and applications to you.

I have checked with the analyst who handled this and he stated that everything was returned.

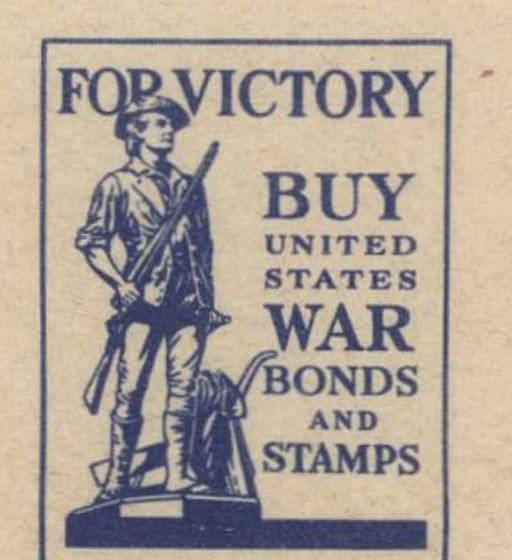

I am sorry that we do not have the part of the advertising that you need.

With kindest personal regards, I remain

Yours very sincerely,

Mr. Charles B. Shaeffer, District Manager, War Production Board, 413 Interstate Building, Kansas City 6, Missouri.

Dear Charlie:

Please do not think that my delay in congratulating you on your very fine victory is none the less sincere on account of the lateness of this epistle. You certainly had a fine group of alumni friends in putting over your candidacy. But they had a real candidate:

When you get reciprocal relationships like that, something is bound to happen like it did happen.

Congratulations, Charlie, a million times. I know that you will have great success because you will put your heart and soul into it. Things do not fail under such an arrangement.

With every good wish, I am

Very sincerely yours,

Director of Physical Education, Varsity Basketball Coach.

Dear Brwin and Jessie:

hrs. Allen and I acknowledge with thanks and pleasure the announcement of your daughter Barbara Ann's marriage to Dr. Jerrold von Wedel, medical corps, United States Naval Reserve. May we take this means of expressing to you and yours the sincere desire for a long, happy and properous wedded life. Of course, with the war on we always have misgivings, but I have always been an optimist.

This morning I spoke to a group of boys, as Secretary of our Selective Service Board. Sixteen of them went away, and I told them, "You are coming back, because I know that you always feel like the fellow who drives an automobile. It is the other fellow who is going to have a wreck."

Jerrold a happy wedded life. I know how Mother and Dad feel when a daughter leaves the home. But you have gained a fine son and I know that while Jessie will be lonesome, there will be a deep understanding between mother and daughter now that could not have been before.

With all good wishes, I am

Sincerely yours,
