

August 8, 1945

Mr. Dolph Simons
Route 3, Gull Lake
Brainerd, Minnesota

Dear Dolph:

I am glad that you have gotten away from the strenuous work at your desk. Our weather is splendid here, but a cessation from the strenuositities of your work will be helpful to you in every way. Give your good family my kindest regards.

Last week George Hedrick asked me to write A. B. Mackie of the Brown-Mackie School of Business regarding the determination of Lawrence as one of the district offices. George has left on his vacation and I am sending the letter to you for your perusal.

The fact that he suggests that Mr. Arthur J. Stanley, Jr., will have much determination in the location rather pleases you, I am sure, although I know that you know already that Mr. Stanley has that influence. I am sure that you can get the job done. With all good wishes, I am

Sincerely,

Forrest C. Allen
Governor, District 123
