Dear Dan:

Won't you write me and give me the background of your Y.M.C.A. Centennial dinner. I have a booklet which gives all the information on the founding of the Y.M.C.A., so I will get some dope from that. But I would like to know how many people will be there, the type of people in attendance - whether fathers and sons, business men, or a mixed group of men and women. How many do you expect, and where will it be held?

Also let me know who is chairman of the program committee and the people who will speak. That will help me in building my speech, in a general way.

Dan, I am not quite sure of my travel connections. I have two classes on Tuesday and Thursday mornings from 10:30 to 12:30. I would be forced to miss one of my classes if I caught the 11:05 train leaving Lawrence. Therefore, if I can get the gasoline I think I will drive. And if I do come on the train I would get out of Salina about 3:40 in the morning to get here about 6:55, because I cannot spend that much time away from the office due to the fact that I have been away so much. So don't worry about the hotel facilities. Thanks just the same.

Let me hear from you at your earliest convenience.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
