Doctor:

I received two of your Rebounds recently. Thank you kindly as they are appreciated.

Everything is running smoothly out here at present. Everybody is hepped up over the war news. The boys are betting on the months instead of years to the end now. I'm sure everybody will be thankful when it is all over.

The last time in port I ran out another Kansan. I met Lt.(j.g.) Petty who was coach at Turner High School for a good many years. He ~~was~~ is personnel officer on one of the islands out here. I spent one afternoon with him & took a jeep trip around the island. He looks fine & enjoys his work. Every time in port I meet some Kansan or K. U.'er. They are well represented out here I'm sure.
