

July 28, 1945

The National Shawmut Bank of Boston
40 Water Street
Boston, Massachusetts

ATTENTION: G. W. Anderson, Chief Clerk

Dear Mr. Anderson:

Mr. Sidney S. Salt was a student here at the University of Kansas in the School of Education and graduated in 1942, with a B.S. degree. I had Mr. Salt in my classes and found him to be a highly intelligent, alert, dependable and resourceful young man.

So proficient was he that we engaged him as an assistant in physical education. In all of my contacts with him I found him to be of exemplary character and highly honest. He was courteous, had, in my opinion, exceptional ability, and was always punctual in all of his appointments for work.

Mr. Salt was an expert gymnast and a fine teacher.

I am happy to recommend him without reservation. Mr. Salt came from the East so I do not know his high school affiliation. If there are other questions you would like to ask I would be happy to answer them.

Sincerely,

Forrest C. Allen
Director, Physical Education
Varsity Basketball Coach
