

All male students ~~at the university~~ will be required to take three hours of physical education each week during each semester that the student is in the university, provided that ~~the~~ ~~he~~ is subject to service in the armed forces of the United States ~~and~~ (i.e. registered in the draft, in the V, VI, or VII program of the navy, in the R.O.T.C. or in the air service.) ~~For~~ a maximum of four semester hours ~~of~~ credit may be counted toward graduation.

The courses that a student will pursue under this program will be dependent upon the results of three examinations: (1) health examination (2) Swimming examination and (3) physical performance tests. Students who are certified by the health department as being physically fit must pass the swimming test. If a student is unable to pass this test he must ~~take~~ ^{enroll in} swimming. If he successfully passes the swimming test but does not pass the performance test, he will be enrolled in general physical education. If successful in passing both of these tests he may elect any of the optional courses offered by the department.

Students who have not taken ~~the~~ ^{the} tests at enrollment time should enroll in ~~courses that they wish to elect~~ ^{General Physical Education}. They will ~~then be required to take the tests and~~ ~~Tests will be given and an opportunity to change to the optional program given at an early date.~~
