

Every one here in Halingen asks me if I know him - I just ~~met~~<sup>met</sup> him once; but he is strictly tops in this part of the country.

I am now playing ball for Halingen air field when I can get out of class to do so - I play my first game this Saturday with them. I'll tell you a secret Doc. Every time some of the Physical training <sup>instructors</sup> get me cornered they ask me about your system and defense - I tell them what I know then tell them to read your book. "Better Basketball"

I have played everything, according to systems, but still prefer K. U. "Hoop all over" style of Basketball. If Halingen plays Corpus Christi again I may get to see Ray Brown - He is stationed at Corpus Christi - It is good to run across some old K. U. fellows.

I am going to summer school
