Dear Doctor,

Clipped the enclosed picture from the Miami Herald on the chance that it might not have appeared at home. I recalled with pleasure that pleasant evening at Mitt's home during the Christmas Holidays and the discussion of the Trumans and school mates.

We are pretty well settled here now and are really enjoying being a family again. Locating a place to live was our major problem on arrival, but it finally resolved itself in pretty good shape.

I presume Mitt will be getting a permanent assignment before long, and I certainly hope it is such that Isabelle and Judy may be with him. Jule joins me in regards to you and Mrs. Allen.

Sincerely,

Charlie
