# REPORT OF TRANSIENT WORK

DID YOU EVER STOP TO THINK:

That even today there are still men and women who are transients traveling our highways with no place to lay their head at night and no place to receive food?

That if the Salvation Army did not meet these needs they would have to go hungry or steal food and sleep out of doors on a wet and cold night?

That other Social Agencies lock their doors at 5 o'clock?

That a border line family cannot legally receive aid?

This brief report gives you a years transient emergency relief work.
