Dear Charles:

Thanks very much for sending the clipping from the Miami Herald which showed President Truman in the high school class picture of 1901. Many famous people are in this picture. Just at President Truman's right is a famed surgeon, Dr. Elmer D. Twine. His father was in the Swope-Hyde murder mystery when it was alleged that Dr. Hyde murdered Mr. Swope with cyanide of potassium.

I came along a little later, but was in the four-year group. My brother, who was commander of a battery with Harry Truman and Bennett Clark, former senator from Missouri, graduated the year following Harry Truman's graduation. We had a lot of fun, did we not, Charlie, in Mit's home? Mit is still as vehement as ever regarding some of his views. He is having a great time now that he is in the city and says Lawrence looks awfully good.

We will look forward to the time when you and Jule join us in another bullfest at Mit's house after the war is over. I am sending you a copy of our Jayhawk Rebounds, something we sent the boys in the armed forces. I am sorry that I hadn't thought of you heretofore.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
