

We have as regular members of the Club from the Hercules Powder Company Col. D. R. Hyde, director, Major Parker, Capt. G. S. Atkinson, of the Army, Mr. H. C. Chase, the plant manager, together with about forty employees of Hercules. Their parties and dinners are held at the Club, so it is necessary that the facilities are in harmony with the personalities using the Club.

It has been impossible up to this time to either rent or buy new or used equipment for this purpose, so we feel it imperative that we purchase a waxing and polishing machine to save our floor.

We would appreciate your consideration in allowing us to purchase this machine from the Kansas Electric Power Company of Lawrence, Kansas.

Very sincerely yours,

FCA:AH

President.
