Dr. Bert A. Nash
School of Education
Fraser Hall
Campus

Dear Doctor Nash,

I offer you all apologies for not answering your letter sooner, but I've been in the midst of church drives, Chamber of Commerce drives, and a thousand other things that did not occupy my time last year it seems.

I'm sending you some of the points that might be made the subject of discussion. I can use any of these so if they meet with your approval I believe we'll get along splendidly. I'm sending over sheets on "Eight Points for Progressive Parents" and "Shall My Son Be an Athlete?" If after you've read this material you can contact me giving me the special points that you will stress for the panel I'd appreciate it.

Sincerely yours,

FCA/pg

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
