Dear Dr Phog:

Dale O'Brien, who is employed by a publicity firm, and a loyal alumnus, has assumed responsibility for newspaper and radio publicity. He wants to know on what railroad and train you arrive in Chicago, and when you will be available for a broadcast during Friday or Saturday. Who will come with you in addition to the team? He wants the players' names and their records. I am writing to Fred Ellsworth for other general information which we will need for the newspapers and our bulletin. Kindly let me have your reply not later than Monday morning.

Sincerely yours,

Harry C. Herman
