

November 7, 1945

Mr. J. Neale Carman
University Director V-12 Program
University of Kansas

Dear Mr. Carman:

There are three punching bag standards up at the present time. They are sturdy and well stablized. I will have the fourth one up just as soon as Mr. Del Davidson returns from Kansas City where he is at present putting up bleachers for the Athletic Association at Ruppert Stadium in preparation for the football game with Missouri.

He should return in a couple of days. I will confer with Chief Gathings regarding what type of standards that he wants for his particular punching bag platform that he wishes installed. It will be a pleasure, sir.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach
