Dear Colleague:

The students whose names are listed below have been in the hospital since early in April. It was not possible to ascertain at an earlier date whether they would be able to resume their class work. It seems now that it will not be possible for these men to take the final examinations.

The Commanding Officer recommends that these men be reported as "withdrawn" on the grade sheets presented to the Registrar. This seems to me to be a reasonable recommendation, and I suggest that it be done. Otherwise, after the grade sheets are sent in the V-12 Office probably will request that a change of grade card be sent through, which is a practice that is not too desirable.

Cordially yours,

J. O. Jones, Acting Dean

and Architecture
