STRENGTH TEST MONDAY, OCTOBER 16.

The report of D and F grades came in this week with gratifying promptness! We wish to express our appreciation for your splendid co-operation. Copies of the new restriction list will be available at this office early next week.

Due to the fact that the office force will all be busy with the Veterans Conference Friday, October 6, the sick bay report is being issued one day early this week. Note that this report does not cover Friday, October 6. That date will be included in the report for next week.

Wednesday, Sept. 27 - 8:30 Gaba, Joe

Director of Physical Education.

For the benefit of Faculty Members who now for the first time have V-12 trainees in their classes we are repeating the following recommendations and suggestions that have appeared on the sick bay reports from time to time.

All cases of cribbing or "gouging" among V-12 trainees should be reported to this office. Please follow this procedure rather than report such cases to the V-12 Officers.

Since an unexcused absence results in duty on the awkward squad, it is very important that an accurate record be maintained of the class attendance of all V-12 trainees. One suggestion that has proved successful is that of writing on the blackboard the name of any student who is absent when the roll is called. If the trainee does not appear to challenge his name written on the board, then it may be assumed that he was absent and not merely tardy.

The Navy requests that all instructors with V-12 students in their classes send in the orange absence report cards each week. If there have been no absences among V-12 trainees, indicate that fact on the card. Supplies of these cards may be obtained by calling K U 40.

It has been brought to my attention by Lt. Michelman that some instructors have been writing to the Bureau of Naval Personnel concerning the V-12 Program. I have been requested to pass along the information that correspondence to Naval authorities relative to the V-12 Program must be transmitted via the Commanding Officer of this Unit.

Each V-12 trainee carries a demerit chit and in case he is disobedient or discourteous the instructor may ask him for this card, write in the offense, and send it to Lt. Fitzhugh.

It has come to our attention that a few V-12 trainees are resorting to certain old tricks and subterfuges in order to be excused from class. Some of the outworn excuses being offered are that the student must go down town to have his picture taken, must attend his grandmother's funeral, etc. Please do not give any V-12 student permission to leave class for such purposes unless he has a written chit signed by Lt. Michelman or Lt. Fitzhugh. Such procedure need not be followed, of course, in case of illness. If, in your opinion, the trainee is ill, urge him to report to the sick bay at once.

We suggest that it would be well for instructors to use ink when entering names on absence report cards. This will lessen the possibility of alterations in the report between the time it leaves the instructor's hands and reaches the Navy V-12 Office.

Any instructor who needs blue cards for reporting D and F grades may obtain them by calling K U 40.

Please report any books with Navy V-12 stickers left unclaimed in class rooms. Call K U 40 and some one from this office will pick them up.

If you have V-12 trainees in your classes, it will be of great assistance to this office if you will write the name of the author and the title of the textbook on the board at the first meeting of the class. Each V-12 trainee is given a book requisition card which he fills in and presents to this office for his books and instruments. It helps in the issuing of the supplies if the name of the author and the title of the text are recorded accurately on the requisition card. Your cooperation will be greatly appreciated.

Some V-12 trainees still do not know the names of their instructors. The students would appreciate it if the instructors would in some way make known their names.

Room 1A Frank Strong Hall.

We suggest that it would be well for instructors to use ink when entering names on absence report cards. This will lessen the possibility of alterations in the report between the time it leaves the instructor's hands and reaches the Navy Office.

The reports of mid-semester grades were unusually prompt - all but three instructors had their grades in this office on the schedules date. We sincerely appreciate your splendid cooperation. Any delay in getting the D and F grades in on the date specified may result in some Navy V-12 trainee being continued on the Restriction List unjustly for an additional week. Futhermore, and this is probably more important, it delays placing those trainees on restriction who have just entered the Program and need the supervised study periods.

WEEKLY ATTENDANCE REPORTS

A check has been made for the past three weeks in order to determine whether the instructors having V-12 students are making weekly attendance reports. The check indicates that most of the staff members are making the reports each week. As you know, a report card should be sent to the Navy V-12 Office each week by each instructor even though there are no absences to report. If you have not been making these reports your cooperation in this matter in the future will be greatly appreciated.

It has come to our attention that a few V-12 students are resorting to certain old tricks and subterfuges in order to be excused from class. Some of the outworn excuses being offered are that the student must go down town to have his picture taken, must attend his grandmother's funeral, etc.

Please do not excuse any V-12 student from class unless he has a chit signed by Lt. Michelman or Lt. Fitzhugh.

The next grade report is due September 4. This is the regular mid-semester report and we urge you to send all D and F grades promptly to this office. Your cooperation will greatly expedite the task of sending out the report of these grades to the parents of V-12 students.
