Ensign H. L. Ware,
V-12 Office,
University of Kansas.

Dear Ensign Ware:

Doubtless Chief Specialist Brummer has told you that the swimming platform has been in the basement of the gymnasium for some weeks. We had it ready four days after Chief Brummer turned in the drawings.

Of course we cannot use the pool, but when it is opened I know you will want to avail yourself of the use of the platform.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Lieut. C. A. Michelman,
Navy V-12 Unit,
University of Kansas.

Dear Lieutenant Michelman:

Arrangements have been made for you to use both the east and west sides of the gymnasium, first floor, for the V-12 physical examinations on Tuesday, November 2.

It would be well to have the officers instruct the men that the east side is the ladies side of the gymnasium and that they are using it only temporarily. Last July we had a little difficulty with the boys going to the ladies' dressing room after the physical examinations had been completed.

Assuring you of our desire to cooperate with you at all times, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Ensign H. L. Ware,
Navy V-12 Office,
University of Kansas.

Dear Ensign Ware:

I am wondering when you will want to begin your intramural program. I presume the hour will be 4:30 to 5:45. I am thinking ahead about the basketball schedule, particularly, because the different groups will want different times, and we are trying to allocate the places and times to suit everybody. I mention basketball because we can work out a program for the other sports later.

Is there any possibility of your desiring any time in the evenings, say around 7 o'clock?

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Chiefs:

In our endeavor to give as much information and service to the boys in uniform as possible, we would appreciate it if you would give us your location and hours during the day where you might be found. I realize that you have offices upstairs, but I would like to know the hours you are there so that we can put something on the bulletin board.

Will you kindly give this information to my secretary, Mrs. Hulteen, and we will post it so that these men who desire to find you will be able to do so without difficulty.

Of course our men have headquarters here and they can be found, or Mrs. Hulteen can give information as to their location.

Sincerely yours,

FCA:AH

DIRECTIONS TO STUDENTS

V-12 students must observe the following:

1. They must enroll in a minimum of 17 credit hours of work exclusive of Physical Training.
2. They must enroll in a Physical Training class which meets 5 days per week. These classes are scheduled at each hour from 8:30 to 11:30 inclusive and at 3:30. Students who do not already have four hours of credit in Physical Training should enroll for 1 hour of credit.
3. They must enroll in Comparative Anatomy if they are eligible to take it.
4. The following required courses, which are offered this semester, must be completed as soon as possible: English I and II; Chemistry IA, IIA, and General Organic Chemistry; Physics, one year.
5. If possible, they should enroll in the following electives which are a part of the V-12 program: Naval Organization, Historical Background of Present World War, and Psychology.

All civilian men must enroll in Physical Education, meeting at least three times per week, unless excused by the Committee on Exemptions (Dr. A. J. Mix, Chairman). This will count for one hour's credit for those who do not already have four hours of credit in the subject.

Women who have entered the University since September 1, 1942 and who do not have two hours of credit in Physical Education must enroll in it, meeting three times per week, unless excused by the Committee on Exemptions.

GRADE REPORTS

(A) Report F and D grades on the Blue cards on the following dates:

December 4, 1944
January 8, 1945
February 5, 1945

(B) The monthly grade reports are cumulative.

(C) Blue report cards may be secured at Room 2, Frank Strong Hall or by telephoning K U 40.

WEEKLY ATTENDANCE REPORTS

(A) Reports are due each Monday for absences of the preceding week. Where there are no absences, write "no absences" on the card and send to the Navy V-12 Office. Please fill in the name of the course and sign the card in the space provided.

(B) Since an unexcused absence results in duty on the awkward squad, it is very important that an accurate record be kept of the class attendance of all V-12 trainees. One suggestion that has proved successful is that of writing on the blackboard the name of any student who is absent when the roll is taken. If the trainee does not appear to challenge his name written on the board, then it may be assumed that he was absent and not merely tardy.

For the benefit of Faculty Members who have V-12 trainees in their classes we are repeating the following recommendations and suggestions that have appeared on the sick bay reports from time to time.

All cases of cribbing or "gouging" among V-12 trainees should be reported to this office. Please follow this procedure rather than report such cases to the V-12 Officers.

Since an unexcused absence results in duty on the awkward squad, it is very important that an accurate record be maintained of the class attendance of all V-12 trainees. One suggestion that has proved successful is that of writing on the blackboard the name of any student who is absent when the roll is called. If the trainee does not appear to challenge his name written on the board, then it may be assumed that he was absent and not merely tardy.

Each V-12 trainee carries a demerit chit and in case he is disobedient or discourteous the instructor may ask him for this card, write in the offense, and send it to Lt. Fitzhugh.

It has come to our attention that a few V-12 trainees are resorting to certain old tricks and subterfuges in order to be excused from class. Some of the outworn excuses being offered are that the student must go down town to have his picture taken, must attend his grandmother's funeral, etc. Please do not give any V-12 student permission to leave class for such purposes unless he has a written chit signed by Lt. Michelman or Lt. Fitzhugh. Such procedure need not be followed, of course, in case of illness. If, in your opinion, the trainee is ill, urge him to report to the sick bay at once.

We suggest that it would be well for instructors to use ink when entering names on absence report cards. This will lessen the possibility of alterations in the report between the time it leaves the instructor's hands and reaches the Navy V-12 Office.

Please report any books with Navy V-12 stickers left unclaimed in class rooms. Call K U 40 and some one from this office will pick them up.

Many of the V-12 students do not know the name of their instructors. I would suggest that the instructor write his name on the blackboard or introduce himself again to his students. If the student knows the name of his instructor, it makes it easier for the student to approach his teacher for an interview.

DIRECTIONS FOR REPORTING GRADES AT END OF TERM:

Do not report F and D grades to this office on the Navy V-12 Blue Cards.

Engineering Navy V-12 Trainees

Report D and F grades on the orange and the red cards sent you from the Engineering Office. These grades are due at Dean Jones' Office, Marvin Hall, by noon on Tuesday, October 24.

Pre-Medic V-12 Students

Report F and D grades to the College Office by noon, Tuesday, October 24. The red cards for reporting F grades will be sent to you. It will be necessary, however, to call at Dean Lawson's Office to secure the orange cards on which to report your D grades.

Jack M. Lasley has been transferred to the U. S. Naval Hospital, Great Lakes, Illinois, for medical treatment. It is expected that he will return to this Unit after his recovery.

Please report any books with Navy V-12 stickers left unclaimed in classrooms. Call K. U. 40 and some one from this office will pick them up.

If you have V-12 trainees in your classes next term, it will be of great assistance to this office if you will write the name of the author and the title of the textbook on the board at the first meeting of the class. Each V-12 trainee is given a book requisition card which he fills in and presents to this office for his books and supplies. It helps in the issuing of the books if the name of the author and the title of the text are recorded accurately on the requisition card. Your cooperation will be greatly appreciated.

Saturdays and Wednesday evenings have been reserved as Liberty Nights for V-12 trainees. Faculty members should keep these dates in mind when arranging picnics and other social affairs for their classes.
