

August 19, 1943.

Ensign H. L. Ware,
V-12 Office,
University of Kansas.

Dear Ensign Ware:

Doubtless Chief Specialist Brummer has told you that the swimming platform has been in the basement of the gymnasium for some weeks. We had it ready four days after Chief Brummer turned in the drawings.

Of course we cannot use the pool, but when it is opened I know you will want to avail yourself of the use of the platform.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
