Dear Dr. Allen.

Thank you for your letter of appreciation. I assure you the pleasure was all ours. We enjoyed working with you on the program and appreciated the very efficient manner in which details were handled.

We have enjoyed watching the team play and appreciate the generosity of the University in making tickets available to us. If we are all here in this same business another season we hope to be able to contribute to that winning combination.

Sincerely yours

C. J. Michelman
