

APPRECIATION!!

We greatly appreciate the promptness with which the D and F grades were turned in this month. A greater percentage of the instructors sent their cards in on time than for any other grade report since the V-12 Training Program began, almost all the cards being in on Monday, December 4, the date they were due, and none later than Tuesday.

REPORT OF THE SICK

December 2 - 8, 1944.
