On Wednesday, May 31, from 11 a.m. to 4 p.m., the V-12 trainees are to be sent in small groups to the Community Building to have chests X-rayed. This will mean a number of irregular absences among V-12 students that day but not such as to prevent holding classes. You are to report these absences as usual.

May we remind you again that the monthly grade report is due Monday, May 29.

Thanks for submitting your mid-semester grades so promptly. 99.5 % of the total Blue cards turned in were delivered on May 1. Your promptness expedited the preparation of the new Restriction List and the writing of the letters to the parents of V-12 students.

You may be interested to know that 107 names appear on the restriction list. 22% of the V-12 engineering students' names appear thereon and 20% of the Navy pre-medic students.

MID-SEMESTER GRADES

May 1 --- May 1 ---- May 1 ---- May 1 ---- May 1 ---- May 1

Please have your grades in by May 1. Since it takes at least a week to prepare the letters to the parents concerning the mid-semester grades, it is important that all grades be in my office not later than May 1. Otherwise, the grades to be reported May 29 will be due before the parents receive information concerning the mid-semester grades. Time is of the essence in reporting grades at mid-semester.

In the future, when a V-12 student reports to class and asks to be excused to have his photograph taken, or attend his grandmother's funeral, etc, please do not give him permission to leave the class for such purposes unless he has a written chit from Lieutenant Michelman or Lieutenant Fitzhugh. Such procedure need not be followed, of course, in case of sickness. If in your judgment the trainee is ill, urge him to report to the Sick-bay at once.

The following named men were transferred to the U. S. Naval Hospital for treatment.

MORGAN, Bill Leon	USNH, Great Lakes, Ill.
UMBACH, John C., Jr.	USNH, Great Lakes, Ill.
ELWOOD, William Columbus	U. S. Naval Air Station Olathe, Kansas.
