

April 2, 1943.

Mr. James Van Dyck,
Gladewater, Texas.

Dear Mr. Van Dyck:

I am sorry that I have not answered your communication sooner. However, I checked your record with the Registrar's office, and find that you were enrolled in Physical Education as follows: Exercise 1, in the fall of 1935; Exercise 2, in the spring of 1936.

This makes only two semesters of physical education. Two hours in physical education may be counted toward graduation here in the School of Fine Arts.

Trusting this gives you the necessary information, I am

Sincerely yours,
