The Vince Laboratories, Inc.
113 West 18th Street
New York, New York

Gentlemen:

Sometime ago you mailed us some samples of your product and I passed them out to members of my basketball team, and others. They were used to good advantage.

I wonder if it would be possible for you to supply us with more samples; we would greatly appreciate it.

I shall always be glad to recommend your product to others.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
