Dear Lee:

There is one other slight request that I would appreciate if you could accede to it. Dr. Don Carlos Peete was with me the other night at the Jayhawk meeting at the University Club in Kansas City. I talk him that I was to speak at this All-Star dinner on the 4th of December and I have asked him to be my guest at that dinner if agreeable to you.

Doubtless you know him. He is one of the teachers in the medical school at Bell Memorial and I wonder if you would kindly either call him or drop him a note asking him to be present. I know that he would greatly appreciate it.

I will be speaking in Wellington, Kansas, the night before so may get up to the hotel just before the dinner starts, but you can count on my presence.

Thanking you for your kind consideration, I am

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach
